## **Weekend Recap:**

Perhaps the Hi-Lite of the weekend wasn't even the shoot-out we had in the Championship Flight between Mike Christiansen and Tad Martin, but the **HOLE-IN-ONE** by **Mr. Rick Kulla** on Sat. took top pick. Rick lasered a 6 Hybrid right at the pin and one bounced it directly into the hole on #12. The shot was witnessed by our Bev. Cart gal Laura, a beginner at Golf, who replied "that was cool, I'm going to try to make more of my tee balls now. That looked easy!"

Mr. Kulla was complete class buying everyone an adult beverage following play. Congratz Rick!!

## **Flight 2**

Michael Johnshoy came from 4 back after round one with a stellar Net 66 to narrowly top Bryan Brownfield by 2 and Pat Adkins by 3. Mike's back 9 was driven by a great Birdie on #18 to seal the deal. Bryan played the final 5 holes 1 over par to narrowly miss the title. Congratz to all!!

## **Flight 3**

Roger Sabot completed his title run with six 4's on the opening 9 and closed with a great 40 back 9. Congratulations Roger, that was one solid weekend avoiding nothing more than a few double bogeys to keep the pressure on the rest of the field. Lee Croaker had his best rounds of the season after a hard week of practice paying off with a solid 2<sup>nd</sup> Place.

## **Championship Flight**

**New in 2016** any players within 5 shots after 36 holes went out for a final 9. **Tommy Smith, Tad Martin and Michael Christiansen all qualified for the Championship 9.** Mike made up a three shot deficit after round 1 with a fairways and greens fabulous 71 second round. Leading by 4 going into the final 9, Tad scratched it back to one down with 3 left. #7's tee shot headed right into the hazard while Mike ripped it down the middle. Mike pulled his second shot slightly leaving himself with an extremely difficult up and down. To the surprise of the massive crowd following the shoot-out, Tad chose to attempt to hit it out of knee high grass towards the green.

Not only did he get his club on the ball but he narrowly cleared the hazard. After a Kutz like chip, Tad was left with 20 feet to save par. Drilling his putt dead middle, that left Mike with a slick side hill 5 footer. Never a doubt as Mike was picking it out of the hole before it dropped. Both players hit nice approach shots on #8, Tad to 20 feet, Mike to 10. Mickelson and Stenson had nothing on these two as Martin drilled his 20 footer followed by a fist pump. Mike slid his birdie over the edge all square. (Kutz had a beer to celebrate Tad's putt)

Heading into the final hole all square, Tad's lead off drive headed into the right pond. (Kutz had a beer in disgust of Tad's drive) Mike drilled another one right down the middle. Tad's 3<sup>rd</sup> shot after his drop headed towards the parking lot while Mike hit 8 iron to 60 yards. Somehow some

way Tad knocked in on to 16 feet and again nailed another incredible putt. (Kutz, he celebrated with.....yep) Mike had a delicate downhill 12 footer that stopped just short right of taking the title. Both Players headed to 18 tee where Mike pulled his tee ball(pulled for Mike) 3 yards left of center. Tad accidently blocked his tee ball off the hill left just outside the OB stakes. Mike completed his round with a second shot near the green and secured the 2016 Title.

(Kutz...you know the rest of the story)

Congratz to all players this past weekend! Look for our Ryder Cup Challenge where Jeeps and myself will captain two teams for a Challenge like non others.

Thanks again,

Steve
